# Worthy of Your Trust

At FASTSIGNS we have over 25 years of experience in the signage and graphics industry. Healthcare is one of our key industries and our team of experts have undertaken thousands of projects for healthcare facilities, from small, one-off installations to full scale Re-Brands. We use only the highest quality products coupled with high tech manufacturing equipment

that comply with health and safety regulations, so you know that your project is in professional hands.

Our team of experts will work closely with you to create visual communications solutions that suit your business needs, we will help you every step of the way, from the design right through to the installation; leave it with us, we will not disappoint.

# Keep Your Patients Informed

A thorough, well-planned sign and graphics programme helps your facility operate smoothly, reassures your guests and patients and enhances your image.

Guide people through your space with directional signs that reinforce your architectural elements, promote wellness programs with banners and posters, and identify important areas for visitors with effective signage.

# Navigational and Informative Signage

Use informative, free standing signage to advertise your establishment and health care services. We can work with you to create effective signage that gets your message seen.

Reduce patients stress levels by using effective directional signage to make navigating your facility easy and empowering.

Plaques and wall mounted signage are great ways to identify doctors and consultant's offices. Whether glass, brass or plastic FASTSIGNS provides a high quality finish products for that professional look.

Eliminate confusion with high profile, eye catching informative signage. From highlighting departments to guiding patients to certain facilities, FASTSIGNS can provide high quality solutions.

# Maximise Your Visibility

Whether you are a small, independently owned optician or a sizeable hospital, we will work closely with you to develop your visual communications strategy.

FASTSIGNS have phenomenal expertise in the signs and graphics industry and know how to best utilise your premises and location to get the best from your signage. Whether you need a signage upgrade or a complete visual communications makeover, the experts at FASTSIGNS are more than ready to consult with you — from concept to completion™.

# Boost Awareness with Effective Signage

Eye catching vehicle graphics can enhance your business visibility and make pedestrians and drivers aware of emergency vehicles.

We can provide signage solutions that match your brand or décor. Whether it's a brand compliant plaque or eye catching, inspirational wall graphics in a paediatric ward, we can help.

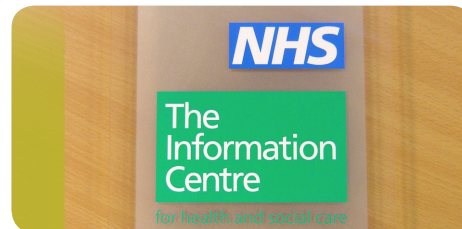

From small outdoor plaques to large scale illuminated letters FASTSIGNS can create signage for any budget and any requirement.

External signage can be both informative and decorative. Inform patients with directional signage or inspire with creative graphics to bring your facility to life.

Create awareness with building signage from the experts. High quality, large building signs will make your healthcare centre visible from miles around.

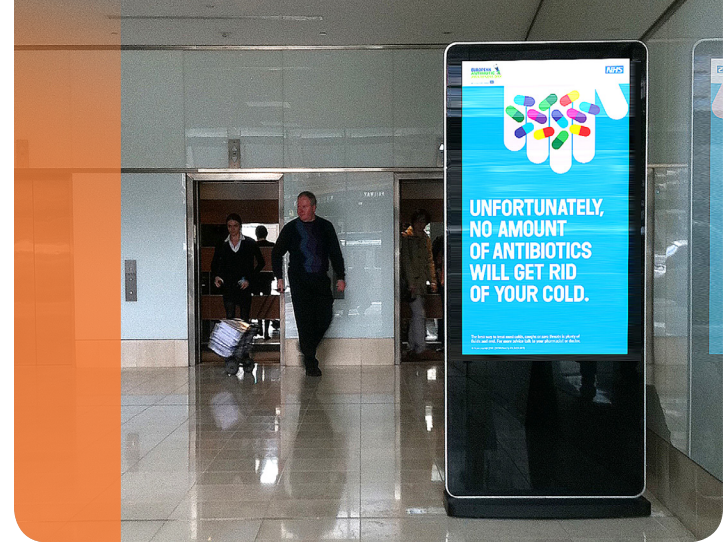

Our experts ensure that our signage solutions comply with safety and hygiene requirements, with soft corners and no indents for main Healthcare areas.

## Fully Comprehensive Solutions

From branded vehicle graphics and digital displays to illuminated dimensional building signs and navigational signage, our team of experts will work with you to identify your needs and what will work best for you.

Not only do FASTSIGNS cover your signage needs, we can also provide promotional products and advertising for your events and open days. From flyers and brochures to flags and exhibition stands, let FASTSIGNS help you with all of your visibility needs.

# We Know Healthcare

Our experts have over 25 years of experience in the signage industry and are constantly striving to keep up to date with the latest technology and techniques to provide you with the highest quality signs and graphics for your healthcare facility.

From dental care to optometry, FASTSIGNS work within every sector of the Healthcare industry to assist with your visual communication needs.

We will work with budgets of any size to ensure that you get the most effective solution that suits your business, for a price that suits too.

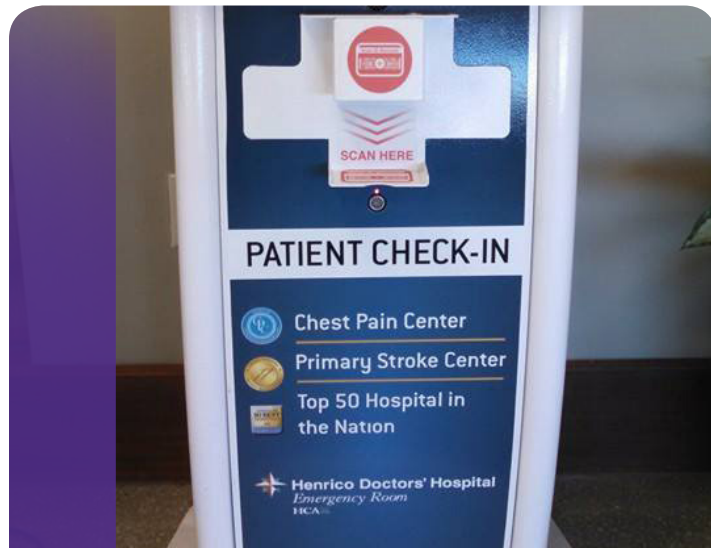

We know healthcare and we know the most effective forms of signage to enhance your business. Get in touch and see what we can do for you.

# Interact and Notify

Inform and interact with your patients and staff with empowering signage from the experts at FASTSIGNS.

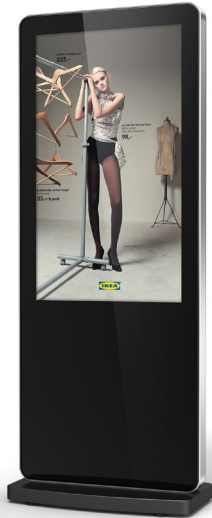

We can create a range of bespoke solutions to suit the needs of your facility incorporating interactive digital displays to make checking in for appointments stress free, friendly staff boards to put patients at ease and engaging, magnetic wall graphics to pacify and entertain children. Contact your local FASTSIGNS to see how we can help you.

# Google for Work Partner

As a Google for Work Partner, FASTSIGNS® offers digital signage solutions powered by Google Chrome technology. The Chromebox and Chromebit media player devices powered by Google's Chrome operating system, are reliable, secure and easy to manage platforms to run digital signage. Paired with the right web-based content management system, content can be managed easily and remotely.

Digital signage powered by Chrome technology helps you communicate to your employees, patients and visitors with the reliability, simplicity and flexibility you need. From displaying ads and promoting key messages to highlighting featured items on a menu board, digital signage solutions from FASTSIGNS® help organisations of all sizes connect with the right audience at the right time.
